

BRIGHTER BITES AMBASSADOR PROGRAM

WHAT

The Brighter Bites Company Ambassador Program is designed to train and enable Brighter Bites supporters to inform people in their network about the work of Brighter Bites across the country.

HOW

Brighter Bites will equip you with the tools you need to share our story with your company network. You may use the toolkit to educate the people around you, and then empower those individuals and groups to take action. As a supporter of Brighter Bites already, you have the passion and drive to take action and motivate those around you to join our mission.

REQUIREMENTS:

- I can commit to being an ambassador for one school year (September 2023-June 2024).
- I will review the toolkit provided and use these materials to promote Brighter Bites within my company network.
- I can share at least two promotional opportunities over the course of the school year.

Examples of opportunities include:

- Lunch and learn
- Meeting presentation
- Employee match program
- Email communication
- LinkedIn post
- Other connection

YOUR IMPACT:

- Create awareness
- Bring in new volunteers
- Drive donations
- Connect us with new partners
